

PERSONNEL AND TRAINING BUREAU

NOTICE
1.12

September 5, 2014

TO: All Commanding Officers

FROM: Commanding Officer, Personnel and Training Bureau

SUBJECT: ADDING BARCODE LABELS TO TASER HOLSTERS

A recent inspection of nylon SOTECH drop holsters for TASERs revealed that over 200 holsters no longer include the belt clip needed to wear the holster. Many Areas were not tracking the issuance of these holsters in the Kitroom Inventory Tracking System (KITS) increasing the likelihood of lost clips being unreported.

It is important to the safety of officers and the public to keep TASERs available for field use. Therefore, effective immediately, all commands that have been issued TASERs for field use shall add barcode labels to their nylon SOTECH drop holsters and upload that data into KITS. Whenever an officer checks out a TASER with the nylon holster, both the TASER and the holster shall be checked out in KITS. Officers are responsible for returning the holsters with the clip at the end of their shift.

If a holster clip is lost, replacements may be acquired by contacting the Firearms and Tactics Section, Training Division.

If there are any questions regarding this Notice, please contact the Firearms and Tactics Section, Training Division, at (818) 832-3712.

APPROVED:

MARK R. PEREZ, Deputy Chief
Commanding Officer
Personnel and Training Bureau

STEPHEN R. JACOBS, Deputy Chief
Chief of Staff
Office of the Chief of Police
